Studies also include interpersonal communication among staff, schools, and community.
Credits: 3

CHS 413 - FOUNDATIONS OF COUNSELING THEORY AND PRACTICE
Philosophical foundations of counseling with concentrated study of counseling theories; historical and contemporary theories; diversity issues relevant to counseling theories and student's personal philosophical and theoretical beliefs.
Credits: 3

CHS 414 - SCHOOL COUNSELING, ENVIRONMENT, & CONSULTATION
The elementary and secondary school counselor's role. History, trends, professional identity, and cultural, legal, and ethical influences. ACA and ASCA ethical standards. Coordinating program components; program development; individual and group guidance; peer facilitation; and consultation.
Credits: 3

CHS 415 - CAREER DEVELOPMENT AND EDUCATIONAL PLANNING
This course will provide an introduction to career development and educational planning in K-12 settings and across the life span. Students will explore career theories and decision-making models, career assessments and technology, program planning, education tools, resources, strategies, post-secondary planning, and other life roles. The focus in this course will be on applying career counseling in a school context through clinical experiences and case studies.
Credits: 3

CHS 416 - HUMAN APPRAISAL
Individual and group approaches to assessment and evaluation. Topics include historical perspectives on assessment; standardized norm-referenced, criterion.
Credits: 3

CHS 417 - CAREER AND LIFE-STYLE PLANNING
Topics include career theories and decision-making models; assessment instruments and technology-based applications; processes, strategies, and resources available to the career counselor; program planning, organization, and administration; and interrelationships among work, family, and other life roles, including diversity and gender. Clinical observations and case studies consistent with student's career direction.
Credits: 3

CHS 418 - ORGANIZATION, ADMINISTRATION, & LEADERSHIP OF EFFECTIVE SCHOOL COUNSELING PROGRAMS
The skills necessary to planning and implementing effective school counseling programs. Topics include needs assessment, program planning, and program evaluation.
Credits: 3

CHS 419 - PSYCHOPATHOLOGY: DIAGNOSIS & TREATMENT PLANNING
Training in diagnosis and treatment methods for mental and emotional disorders. Skills in completing assessment interviews, establishing short- and long-range goals, and writing treatment plans.
Credits: 3

CHS 420 - MARRIAGE AND FAMILY COUNSELING
Preparation for counselors, educators, and other human service personnel to provide assistance to couples and families seeking marriage and family counseling. Methods and techniques of marriage and family counseling in didactic and experiential formats. Various theoretical perspectives.
Credits: 3

CHS 421 - THEORIES OF GROUP DYNAMICS AND COUNSELING
Theories of group counseling and principles of group dynamics. Historical developments, diversity issues, and contemporary research findings. Participation in an ongoing group required. Group guidance concepts as a significant component of the educational and prevention aspects of a counseling program.
Credits: 1,3

CHS 422 - TOPICS IN SUBSTANCE ABUSE AND ADDICTIVE DISORDERS
Theoretical concepts and practical techniques unique to the field of substance abuse counseling. Emphasis on the major areas of substance abuse and treatment as it relates to psychoactive drugs. Non-psychoactive drugs frequently misused; legal, recreational or social drugs frequently misused.
Credits: 3

CHS 425 - SEMINAR: TOPICS IN COUNSELING
Exploration of selected topics in contemporary counseling.
Credits: 3
**CHS 427 - PRACTICUM: BEGINNING CLINICAL PRACTICE**  
A minimum of 150 hours of individually supervised clinical practice in a public or private agency. Classroom seminar required. Degree candidates must display ability to integrate theory and practice equivalent to that of a competent beginning counselor and show capacity for continued learning and growth on job. See Practicum/Internship Handbook.  
Credits: 3

**CHS 431 - CLINICAL MENTAL HEALTH COUNSEL**  
Combined didactic and seminar with focus on concepts, issues, and treatment protocols for mental health settings. Historical overview of the mental health movement; emphasis on social policies and their impact on the delivery of service to the mentally disabled. Psychopharmacology and best practice for mood, personality, and psychotic disorders. Focus on the mental health counselor’s role in comprehensive community mental health.  
Credits: 3

**CHS 457 - TOPICS/ISSUES IN HUMAN DEVELOPMENT**  
The nature and needs of individuals at all developmental levels, including theories of individual and family development; theories of learning and personality development; human behavior including an understanding of developmental crises, disability, exceptional behavior, addictive behavior, psychopathology, and situational and environmental factors affecting behavior; and strategies for facilitating optimum development over the life span. Cultural, legal, and ethical considerations.  
Credits: 3

**CHS 460 - PRE-PRACTICUM I: BASIC COUNSELING SKILLS AND TECHNIQUES**  
This course focuses on the development of beginning counseling skills. Emphasis is placed upon the development of abilities to evaluate self, client and other counselors in the counseling relationship, and includes counseling process models, critical dimensions of helping, and experiences designed to assist students in the formulation of a personal philosophy system of counseling.  
Course Notes: Permission from the Program Director Required.  
Credits: 3

**CHS 462 - PRE-PRACTICUM II: ADVANCED COUNSELING SKILLS AND TECHNIQUES**  
This course focuses on the development of advanced counseling skills. In addition to in-class presentation and skill demonstration, students are involved in laboratory and supervision meetings designed to facilitate skill development. This course assists students in developing an understanding of counseling processes from initial client contact to termination.  
Prerequisites: CHS 460  
Credits: 3

**CHS 463 - COUNSELING PRACTICUM**  
This course provides for supervised counseling experiences in which students serve as counselors at pre-arranged and approved clinical mental health counseling or school settings, appropriate to their program emphasis. Degree candidates must display ability to integrate theory and practice equivalent to that of a competent beginning counselor and show capacity for continued learning and growth on job.  
Credit: 3  
Prerequisites: CHS 462
