HUMAN RESOURCE MANAGEMENT, BSBA

The objective of the Human Resource Management BSBA program is for the student to gain a full understanding of the human resource function, including recruitment, selection, placement, training, and career development; employee and labor relations; performance measurement; and resource planning. Students will learn how legal issues, human behavior, labor relations, and diversity impact the modern organization.

Other courses expand on substantive areas that are briefly covered in the introductory Human Resource Management course. Psychological and sociological principles, statistical techniques, and practical business economics are blended to produce effective knowledge and skill for the specialist in Human Resource Management.

Other departments in the university, such as Economics and Psychology, offer courses that enable students in Human Resource Management to enhance their study of the employer-employee relationship. There is no substitute for experience in dealing with people in a work situation, and students are advised to acquire such experience through part-time work or internships.

Requirements

Six courses (18 credit hours) are required for the Human Resource Management major. MGMT 358 ORGANIZATIONAL BEHAVIOR, MGMT 300 OPERATIONS MANAGEMENT, and MGMT 380 BUSINESS POLICY AND STRATEGY cannot be used to fulfill major requirements.

Mathematical preparation

Quantitative skills are critical for the academic study of business. This is especially true for accounting and finance majors. For all students, required business classes such as FIN 311 PRINCIPLES OF FINANCE and MGMT 300 OPERATIONS MANAGEMENT are mathematically based. In order to complete the degree on a timely basis, students are required to take mathematical requirements, MATH 121 COLLEGE ALGEBRA, ECON 234 ELEMENTARY STATISTICS, and any developmental courses required by the RUA in the first semester and in each following semester until these requirements are completed.

Students entering with 30 to 89 credit hours

All requirements listed above for students entering with less than 30 credit hours must be completed by students entering with 30 to 89 hours with the exception of ACP 101 FIRST YEAR SEMINAR and ACP 110 PRIMARY TEXTS. These courses are replaced by 6 s.h. of non-business electives.

Students entering with 90 credit hours or more

All requirements listed above for students entering with less than 30 credit hours must be completed by students entering with 90 or more credit hours with the exception of ACP 101 FIRST YEAR SEMINAR, ACP 110 PRIMARY TEXTS, and ACP 250 GROUNDS FOR CHANGE (the Roosevelt Grounds for Change course). These courses are replaced by 9 s.h. of non-business electives.

Standards

All Business courses taken by Business majors and minors must be satisfied with a grade of C- or better. A 300-level business elective is substituted for the international perspective course if an international course is in the major. MGMT 380 BUSINESS POLICY AND STRATEGY must be taken at Roosevelt and passed with a grade of C- or higher.

All remaining major, required, and elective courses

1 If a student completes an international course in his/her major (such as ACCT 337 for an accounting major), that course counts in the major and an upper-level (300 level) business elective in the core requirements.

2 Must be taken at Roosevelt, preferably in the final semester prior to graduation.

The last 30 hours of coursework must be completed at Roosevelt University.

Your degree map is a general guide suggesting courses to complete each term on the academic pathway to your degree. It is based on the most current scheduling information from your academic program. Your program's degree map is reviewed annually and updated as schedules change (although you retain the same course requirements as long as you are continuously enrolled in your degree program).

Always work closely with your academic advisor to understand curriculum requirements and scheduling, as each student’s academic plan can look slightly different.
