MGMT 402 - BUSINESS ANALYSIS
This course provides the fundamental concepts of business analysis that are essential to the practice and further advanced study in the field. The course will cover the International Institute of Business Analysis BABOK® knowledge areas, business analysis skills and techniques.
Topics will include business analysis planning and monitoring, elicitation, requirements management and communication, enterprise analysis, requirements analysis, solution assessment and validation. Cross-listed with INFS 402.
Credits: 3
Prerequisites: INFS 401

MGMT 403 - QUANTITATIVE ANALYSIS FOR MANAGERS
Covers quantitative techniques used in human resource management, market research, operations management, I/O psychology and other business research arenas. Students are provided both a conceptual understanding of the various statistical tests available and the ability to interpret the results of quantitative analyses which support decision-making in a business context. Topics include problem analysis, research design, data presentation, probability, regression analysis, statistical inference, and other related techniques. Cross-listed with ECON 436.
Credits: 3

MGMT 405 - SOCIAL ENTREPRENEURSHIP I: CREATING THE VISION
This course is for students who will found or lead businesses that also have a social mission, or will advise or work with social entrepreneurs, as they seek to jointly create social and business value. It is the goal of this course to prepare students to lead companies that have embedded social missions and to engage various stakeholders that are at the nexus of business and social value. Cross-listed with SENT 405.
Credits: 3

MGMT 406 - SOCIAL ENTREPRENEURSHIP II: IMPLEMENTATION
In Social Entrepreneurship II, we actually become social entrepreneurs by studying the everyday structural, legal and financial challenges associated with launching a business enterprise in its efforts to create social impact. Students will take their business model from Social Entrepreneurship I, and further develop it by performing additional market research, prototyping and practicing continuous investor initiatives. Students will work through issues of market analysis, technology viability assessment, competitive positioning, team building, product life cycle planning, marketing strategy and financing, with a major emphasis on learning how to attract investment capital. Cross-listed with SENT 406.
Credits: 3
Prerequisites: MGMT 405 or SENT 405

MGMT 407 - EXECUTIVE LEADERSHIP
Principles of organization required for successful management and the ability to lead subordinates. Topics include employee motivation, leadership theories, ethics, decision making, conflict management, group dynamics, power and politics, and organization culture.
Credits: 3

MGMT 420 - CORPORATE SOCIAL RESPONSIBILITY
Students will explore the challenges inherent in creating and leading organizations that perform well financially as well as environmentally and socially. The course will cover contemporary challenges in ethics, corporate social responsibility (CSR) and sustainability; a company’s CSR strategy is an important factor in attracting top talent. Many stakeholders are seeking organizations that are focused on the triple bottom line: people, the planet and revenue.
Credits: 3
MGMT 488 - PROJECT MANAGEMENT
Applied approach to the study of project management. An integrative framework for understanding principles and practices of project management, including origins, applications, and philosophy. The role of project management in organizations; the use of teams in and implementation of project management practices. Cross-listed with INFS 488.
Credits: 3
Prerequisites: INFS 401

MGMT 489 - STRATEGIC MANAGEMENT -- SINGLE BUSINESS ORGANIZATIONS
Strategy in the context of a total enterprise from the standpoint of top management. Students will determine organizational mission and objectives, analyze the company and the industry, and balance the tensions between strategy and social responsibility, strategy and competitive advantage, and strategy and various forms of diversification. Cases cover large, small, profit, and nonprofit single business organizations. This course should be taken near the end of the MBA program as it requires decision-making based on prior graduate studies.
Credits: 3
Prerequisites: ACCT 405 and FIN 408 and MGMT 403 and ECON 403 and BADM 401 and MKTG 406

MGMT 490 - MULTIDIVISIONAL ORGANIZATIONS
A case-oriented course integrating the problems and approaches to formulation and implementation of strategy in the context of a total enterprise. Case about large and small, profit and nonprofit multidivisional organizations will be examined. Students will perform organizational mission and objective determination; industry ethics and social responsibility; strategy and competitive advantage; and strategy and various forms of diversification. The course is built on team analysis and presentations. Decision-making from a top management point of view requires knowledge and skills from prior graduate studies.
Credits: 3
Prerequisites: MGMT 489
