BIOLOGY, MINOR

The biology minor is suitable for students who wish to increase their understanding of biological principles in order to complement their major areas of study in chemistry, psychology, business, education, computer science and the humanities. The minor is earned by successfully completing a minimum of 15 credit hours of biology courses.

Standards
Students must complete all courses counted towards the Biology minor with a grade of C- or higher, and a cumulative GPA of 2.0.

Requirements
Students who have transferred three or more biology courses may earn a minor in Biology (at least 15 credit hours) by completing at least two additional biology courses (at least one with laboratory) totaling at least 8 credit hours at Roosevelt University.

Prerequisites
None of the courses listed below for non-majors has a chemistry prerequisite.
