

REAL ESTATE, MINOR (FOR NON-BUSINESS MAJORS)

A minor in real estate is available to all students at Roosevelt University. The real estate minor is recommended for students who want to enhance their academic programs with real estate-related coursework. Non-Business students may minor in only one Business discipline. Students must complete all prerequisites for courses in their chosen minor discipline. The real estate minor requires a B- average (2.75 GPA) in the minor real estate courses with a minimum allowed grade of C in any real estate course. All four courses for this minor must be taken at Roosevelt University. Students with questions regarding Business minors should consult the appropriate Assistant Dean or designee.

All students admitted to the Real Estate Minor are strongly encouraged to complete a training program in Excel as applied to the real estate industry. This program will be made available to students upon registration for classes for REES 201. At this time, the program is provided at no cost.

The real estate industry is a multi-disciplinary sector utilizing many skill sets and interests. The real estate minor is highly compatible with the following non-business majors: Communications, Economics, and Actuarial Science.
