**MED 250 - MEDIA AND SOCIAL CHANGE**
This course explores the potentially positive impact of the media. The mass media have been blamed for their negative influence, such as encouraging consumerism, violence, stereotypes or age-inappropriate behaviors for children. The positive influences of the media, however, are rarely discussed. This course, therefore, will focus on media's beneficial impact on society. We first will explore whether media can change society, and if so, whether that change can be in the control of producers, government, or the audience. Then, the course will examine specific examples of positive media influence on individuals and society as a whole. We also will observe how the media have the potential to initiate such changes, whether these changes have been made intentionally or unintentionally, and how media technology has played a role.

Credits: 3
