## SPECIAL EDUCATION, BAE

Roosevelt's program in Special Education is a K to age 22 teacher licensure program leading to an Illinois teaching license with an LBS1 endorsement. Completing the program qualifies graduates to teach children with all areas of special education needs except sensory impairments and communication disorders. The LBS1endorsment scope includes the categories of specific learning disabilities, intellectual disabilities, emotional disturbances, other health impairments, traumatic brain injury, Autism Spectrum Disorder, orthopedic impairments, and multiple disabilities. In addition to a well-rounded general education program of study, traditional Roosevelt undergraduates are required to complete the sequence of professional courses found under the Requirements section during their junior and senior years. With careful planning, traditional undergraduates can add one or more of the following endorsements to their teaching license: Elementary Education, Bilingual/ ESL, Early Childhood Special Education approval, Middle School, and Reading Teacher. Students enrolled in the CPS AA to BA Teacher Residency Program complete most of these requirements, too, but have a unique set of requirements that are outlined under the description of this program.

## Prerequisites

Two introductory courses (6 credit hours) are required of all undergraduate majors in the Department of Education. These courses provide students with the opportunity to explore a variety of educational careers and foundational concepts and practices. All courses must be passed with grades of C - or higher to advance into the major.

| Code | Title | Credit Hours |
| :--- | :--- | ---: |
| EDUC 101 | BECOMING A SJ EDUCATOR | 3 |
| EDUC 201 | LANGUAGE \& CULTURE IN EDUCATION | 3 |
| Total Credit Hours | 6 |  |

## Requirements

Students may begin major courses in the Special Education program so long as they have a minimum 2.7 GPA in all undergraduate courses.

Students must maintain an overall GPA of at least 2.7 while enrolled in the education program. Should a student fall below a 2.7 GPA, the program's faculty will review the student's eligibility to continue moving forward in the licensure program.

All courses must be passed with grades of C- or higher. Student Teaching must be passed with a grade of $C$ or higher.

## CPS AA to BA Teacher Residency Program

Students who complete the Special Education degree program through the CPS AA to BA Teacher Residency Program earn a State of Illinois Professional Education License with an LBS1 endorsement. To enroll in this program, students must apply and earn approval from Roosevelt University and the Chicago Public Schools. The program provides current employees of the Chicago Public Schools with a unique opportunity to earn teacher licensure and a BA degree in Special Education while completing a full year student teaching experience.

Students in the concentration are exempted from the following course requirements: SPED $303,328,348$, and 366 . However, all other required courses, plus the ones listed below, must be passed with grades of C - or higher. Student teaching (Teacher Residency 1 and 2) must be passed with a grade of C or higher.

| Code | Title | Credit Hours |
| :--- | :--- | ---: |
| SPED 367 | TEACHER RESIDENCY 1 | 5 |
| SPED 368 | TEACHER RESIDENCY 2 | 10 |
| Total Credit Hours | 15 |  |

## FIELD AND CLINICAL EXPERIENCES

Pedagogical and real-world training is at the center of traditional undergraduate degree coursework. Consequently, all traditional undergraduates (i.e., non-teacher residency) are required to enroll in one credit hour "Individualized Coaching and Field Experiences" courses in each of three semesters prior to student teaching.

In their Individualized Coaching courses, students will complete the field experiences needed to develop professional knowledge, skills, and dispositions in alignment with Roosevelt's social justice mission. As students progress from one Individualized Coaching course to another, they will take on tasks and responsibilities that are increasingly complex and challenging. These experiences will prepare students for success in the student teaching experiences that culminate the traditional Special

Education major and facilitate the awarding of an Illinois Professional Educator License

Placement in student teaching sites is planned with consideration of professional standards and partnership schools. Student teaching placements are open only to students who have successfully completed the appropriate general education and professional education courses, the required content tests, and other student teaching requirements. Placements in sites with diverse student populations are required. Students must submit formal application two semesters prior to the semester in which they plan to do their student teaching. Applicants are expected to be in good academic standing and must provide evidence of competency with regard to professional dispositions, including passage of a criminal background check. Students should consult regularly with their advisor about the specific requirements for licensure and student teaching in Illinois.

## LICENSURE REQUIREMENTS

In order to qualify for Roosevelt University's recommendation for the Illinois teaching license in Special Education, students must meet all general education requirements that are in effect at the time of their application.

Students must consult with their education advisor to determine which general education courses are acceptable toward fulfillment of licensure requirements. Because requirements for licensure are decided by the Illinois State Board of Education and are subject to change, undergraduates must consult frequently with their education advisors. The advising plan at program admission provides the most up-to-date and authoritative information with respect to all program and licensure requirements.

One semester prior to their student teaching, students must submit proof of passing the content exam(s) that meets the state's criterion and have a minimum 2.7 GPA in all undergraduate courses. All courses must be passed with grades of C - or higher and a grade of C or higher in Student Teaching.

Before issuing a license, the Illinois State Board of Education also requires satisfactory scores on the Educator Teacher Performance Assessment Portfolio (edTPA).

| Your degree map is a general guide suggesting courses to complete each term on the academic pathway to your degree. It is based on the most current scheduling information from your academic program. Your program's degree map is reviewed annually and updated as schedules change (although you retain the same course requirements as long as you are continuously enrolled in your degree program). |  |  |
| Always work closely with your academic advisor to understand curriculum requirements and scheduling, as each student's academic plan can look slightly different. |  |  |
