

ACCOUNTING, BSA

The Bachelor of Science in Accounting is designed to develop the important technical, professional and interpersonal skills needed in this dynamic field. Over the last two decades, the field of accounting has changed dramatically in response to such explosive trends as the computer revolution, increased government regulations, frequent tax law changes, the globalization of business, and the on-going downsizing and restructuring of corporations. Course work will provide comprehensive coverage in these areas, as well as offering the opportunity to specialize in specific areas of financial accounting, cost accounting, auditing, forensics, governmental and not-for-profit accounting.

A minimum of 120 semester hours are required for all Bachelor Degrees.

Minimum Grade: C-
